Please take in consideration that customs-clearance procedures take 3-5 business days if all documents are correct.

While we are dedicated to the execution of a successful program, we are not experts in import. It is important that you realize that the Hotel, including its personnel, is not able to assist you with the customs clearance and should any procedures become necessary, those arrangements must be handled by a professional customs broker. For this reason, in order to ensure a successful event, we highly recommend to work with one of the above-mentioned companies.

If you have any questions, do not hesitate to contact the Event Management Department.
