

Get ready to treat yourself to the very best here in Mexico. Located in the heart of the Hotel Zone, the landmark JW Marriott Cancun Resort & Spa offers an extraordinary hotel experience.

Our 448 elegant rooms and suites feature private balconies with stunning views of Cancun's white sand beaches and the turquoise waters of the Caribbean, as well as marble bathrooms, pillowtop mattresses, and 24-hour room service. Elsewhere in the resort, you'll be delighted with amenities, including our top-rated, Mayan-inspired spa and pristine outdoor pools. Dine in style in one of the resort's several fantastic restaurants, which offer everything from Italian cuisine to Japanese fare. Or host an event with us—we've established ourselves as one of the best meeting locations in Mexico, with expansive venue space and expert on-site planning services. And legendary landmarks, including Chichén Itzá, are just moments away.

Destination Information

Cancun

In 1967, the Mexican government commissioned a study to pinpoint the ideal place for an international Caribbean resort. The computer chose Cancun, and a Cinderella-like transformation began. More vacationers come here than to any other part of Mexico, and many come again and again for the white-sand beaches, crystalline turquoise waters, sizzling nightlife, numerous restaurants and the proximity of Mayan ruins throughout the Yucatán Peninsula.

It's clear as you fly into Cancun that this resort was carved out of the jungle. When development began here in the early 1970s, the beaches were deserted except for birds and iguanas. Now luxury hotels, shopping malls and restaurants line the oceanfront.

But there is more to Cancun than plopping yourself down under a palapa (thatched roof). Downtown offers a more authentic glimpse into the sights and sounds of Mexico. For diving and snorkeling, the reefs off Cancun and nearby Cozumel, Puerto Morelos, and Isla Mujeres are among the best in the world. Cancun also makes a relaxing base for venturing to the stupendous ruins of Chichén Itzá, Tulum, and Cobá, remnants of the area's rich Maya heritage.

The Maya people settled the area during the Pre-Classic era, around AD 200, and remained until the 14th or 15th century. But little is known about them. Explorers seem to have overlooked the barrier island—it doesn't appear on early navigators' maps. It was never heavily populated, perhaps because its terrain of mangroves and marshes (and resulting swarms of mosquitoes) discouraged settlement. Some minor Mayan ruins were discovered in the mid-19th century, but archaeologists didn't get around to studying them until the 1950s.
